# Thank You from ManhattanLife!

First of all, thank you for taking the time to read our Hospital Indemnity Select Agent Guide! We realize that you have many carrier and product options to choose from and we sincerely thank you for choosing ManhattanLife!

## Who We Are

Who is ManhattanLife? Since 1850, we've defined our brand with our commitment to standing by policyholders and producers with diligence and compassion. For over 170 years we've been a private and closely held company by choice. And as an independent, we have always been free to make decisions that align with our values and core mission – helping policyholders attain and sustain health, wealth and security throughout their lives.

We demonstrate this commitment by striving to honor claims and pay benefits with professionalism and care. For our producers, we are a reliable and independent partner. We stay agile and open minded about customizing products or innovating new policies to meet our policyholders' evolving needs. With a national footprint and licenses to sell in every state and U.S. territory, we are everywhere you want us to be.

The Company's longevity as staying independent in the marketplace is remarkable considering the robust merger and acquisition activity the industry has experienced in modern times. To put its staying power in context, the current average age of S&P 500 Index companies is less than 20 years old. By contrast, operating successfully for over 170 years as an independent is a testimony to ManhattanLife's enduring history and an indicator of the reliability of our future.

## Why Hospital Indemnity Select?

Hospital stays can be expensive, even if you have health insurance. **Hospital Indemnity Select was designed to help provide financial relief by paying a lump sum cash benefit for covered hospital stays.** This money can help cover out-of-pocket expenses such as deductibles, co-payments, and other medical costs that may not be covered by your primary health insurance.

# ManhattanDirect 2.0

ManhattanDirect is ManhattanLife’s online application submission portal. This resource allows for online application fulfillment and submission in lieu of paper. While ManhattanLife does accept paper applications (outlined below), we recommend using 2.0 whenever possible, as we have found that processing times are faster on average than paper applications.

Here you can find all of our up to date marketing and training collateral. Additional resources include:

- Product Availability Grids
- Policyholder List
- Trainings
- Ordering Supplies
- Social Media Collateral
- Commission Earnings

This benefit is payable up to 2 times per calendar year.</p>

# Policy Issue Guidelines

The policy issued is specific to the state where the application was submitted. The state of application controls the application, forms, premium and policy issued.

## **Replacements**

A replacement takes place when an applicant wishes to exchange an existing ManhattanLife Hospital Indemnity Select policy for another product within the ManhattanLife Family of companies. Internal and external replacements are processed in the same manner, and both require a newly completed application with full underwriting. For internal replacements, we will use the same underwriting criteria. However, we will also use our claims database to assist in determining the risk of an applicant.

Whether completing a paper application, or utilizing ManhattanDirect 2.0, please remember only current state-approved applications may be used.

## **Coverage Rules - Policies Covering More than 1 Individual**

For Individual/Spouse, Individual/Child(ren) or Family coverage, the premium and the base options will be determined based on the age of the older applicant on the date the application is signed.

If the individual desire differing options, then individual coverage should be applied for.

## **Guaranteed Renewability**

This is a Guaranteed Renewable product, which means the insured can keep this plan as long as they want by continuing to pay premiums

# Submitting Paper Applications

As stated above, we always suggest submitting applications through ManhattanDirect, as we have found processing times are generally quicker. We do, however, understand there may be times when this simply isn't possible. In the event a paper application has to be submitted, the agent needs to complete the application with the applicant actively engaged throughout the process. The agent can either be at the same physical location as the applicant/owner, or the application can be processed over the phone. Regardless of how the application process takes place, both the applicant/owner and the agent must physically sign the document. Therefore, if the application is completed over the phone, the agent must fax or send the application to the applicant/owner to obtain their signature before submitting it to ManhattanLife for processing. Below are options for getting paper applications to ManhattanLife for processing.

- Easy Upload – see below
- Fax – 1-713-481-8216 Attention: New Business
- Mail – P.O. Box 924408 Houston, TX 77292 OR  
Overnight/Specialty Mail: 10777 Northwest Freeway, STE 600 Houston, TX 77092

## Easy Upload Feature

The Easy Upload tool can be used to upload applications rather than mailing or faxing them. Please note that currently Easy Upload will only accept PDF files. Therefore, the application must be scanned and converted to a PDF to be attached. There are step-by-step instructions located in the “Help” section found to the left of the Easy Upload area within the Agent Resource Center. URL: <https://producer.manhattanlife.com/life/account/login.aspx?AsAgent>

## Required Application Information

If an application is submitted with incomplete, unclear, or missing information critical to the risk evaluation process, a new application may be required, or an amendment to the application will be issued. Critical information includes, but is not limited to:

- Complete residential address
- Date of birth
- Plan selection
- Correct premium
- Bank draft date/Policy effective date
- Eligibility questions
- Applicant's signature (Mother's Maiden Name electronic applications only)
- Agent's signature
- Agent Number

## Top Reasons for Application Delays

- The application is received at the administrative office more than 30 days from the signature date, or if the signature date is in the future.
- Pending Agent Appointment. ManhattanLife practices “Just in Time” appointments and processing of applications. What does this mean? This means that we will not run a background check and solidify appointments until your 1st piece of business is submitted. This could result in a 24-48 Hr delay for this initial deal. We appreciate your patience during this initial period.
- Signature stamps are not allowed on applications. Please ensure a physical signature is captured.
- If the amount quoted on the application is less than the modal premium we calculate, we will contact the agent to verify that it is acceptable to process the bank draft for the amount that we have calculated. We will amend the modal premium.
- All medication information and history not provided.
- Information listed on application does not align with Personal Health Interview (PHI).

## Bank Draft Authorization Form

A completed Bank Draft Authorization form must accompany the application.

**URL:** <https://online.flippingbook.com/view/965377107/>

## Billing Methods

Direct Bill – Annual, Semi-Annual, Quarterly

Bank Draft – Annual, Semi-Annual, Quarterly, Monthly

List Bill - Annual, Semi-annual, Quarterly, Monthly

## Situations Requiring a New Application

- A new application is required if white-out or liquid paper has been used on the application, or a change was made to the application and not initialed by the applicant.
- If the incorrect state-approved application was submitted. Only the most recent state-approved application will be accepted. If the status of the available application is in question, please call Sales & Marketing to confirm the application form number.
- If client elects to pay premiums via bank draft, please ensure the bank draft authorization form is submitted along with the paper application.

## Upgrading Benefits

An insured can request an upgrade in benefits, i.e., transitioning from a Day-1 Admission Benefit to a 6-Day Benefit plan. In order to process upgrades, the insured would need to submit a new application. Based on historical claims experience, we would either allow the new benefits, or decline. In the event of a decline, the insured could retain their existing benefits.

## Application Status

For your convenience, you may access the Agent Resource Center at any time to verify the processing status of a submitted application.

<https://producer.manhattanlife.com/life/account/login.aspx>

## Application Status Codes

- Pending Review: In the process of being reviewed for processing
- Pending Agent Appointment: Application processed, but pending agent appointment
- Pending PHI: Pending telephone interview with applicant
- Withdrawn: Application closed due to insufficient information or documentation
- Declined: Not eligible for coverage
- Postponed: Follow-up required, additional testing recommended, or diagnostic test results not received.
- Approved, Pending Premium Draft: Application is processed and policy has been issued but the first bank draft has not yet been paid pending the upcoming bank draft date

## Amendments/Endorsements

An Amendment and/or Endorsement to the application will be generated for the following reasons:

- Any question left blank or answered incorrectly (as determined by a telephone interview).
- An error or unclear answer for the plan selection and/or underwriting risk classification.
- An error or unclear answer for the date of birth, sex, and/or address.
- An error or unclear answer for the modal premium.

# Underwriting

The goal of ManhattanLife and its group of companies is to issue insurance policies as quickly and efficiently as possible, while ensuring proper evaluation of each risk. To accomplish this goal, writing agents may be contacted via email to advise him/her of any problem(s) with an application.

Complete applications will be reviewed and processed within 48-72 hours. It is very important to ensure the entire application is filled out completely, including all health questions. This greatly helps reduce processing timeframes.

If you (agent) or insured are unsure about past medical conditions, impairments, or terminology, please provide any additional comments that could provide additional insight into our underwriters.

This product has a Pre-Ex period of 12-months with the exception of TX and PA, which have a 6-month Pre-Ex period.

## **Guaranteed Issue Availability**

If the applicant is within the ages of 64 ½ -70 at the time of effective date and, it's their first application, coverage is guaranteed issued.

## **Telephone Interviews**

There may be instances when a telephone interview is necessary to verify information within the application. In the event we are unable to complete a phone interview, additional medical records may be required.

Any deviations from the application and information gathered during a Phone Interview could result in processing delays. Please be aware that agents and/or an agent's representative may not be present or on the line while a phone interview is being conducted.

## **Pharmaceutical Information**

ManhattanLife Insurance and Annuity Company has implemented a process to support the collection of pharmaceutical information for underwritten Hospital Indemnity Select applications. To obtain the pharmaceutical information, the Authorization and Certification section must be signed by the applicant. Prescription information noted on the application will be compared to the additional pharmaceutical information received. This additional information will not be solely used to decline coverage.

## **Medical Information Bureau (MIB):**

ManhattanLife may utilize the Medical Information Bureau for a comprehensive medical history at our discretion.

## **Underwriting Outcomes**

- Approve
- Decline
  - Applicant has been denied coverage
  - Any applicant who answers "Yes" to any health questions will be excluded from coverage

# Health History

## **Disabled**

- Applicants who are disabled will not be offered coverage

## **Functionally Limiting Musculoskeletal Disease or Disorder:**

Applicants with a history of Rheumatoid Arthritis may be considered for coverage based on the severity of condition. Applicants that are currently being treated with or have been treated with two or more medications, immunosuppressants or steroids would not be eligible for coverage

## **High Blood Pressure:**

- Must be controlled for a minimum of 6 months, no medication changes in the last 6 months, average blood pressure reading cannot exceed 140/90 for the last 6 months.
- Must be over age 25
- 18 and under will be declined
- 18-25 will require medical records review for cause of high blood pressure

## **Pregnancy:**

- An application submitted with the primary applicant or any of the applicant's dependents (spouse, child(ren) under age 26), whether applying for coverage or not, is currently pregnant, or in the process for adopting a child will be postponed.
- Pregnant applicants will not be considered until pregnancy has been completed, and the mother has a normal post-partum checkup, and the newborn has had a normal 6 week checkup.
- All household applicants will be declined.

## Declined Appeals

If the applicant wishes to appeal his/her declined application, a written request must be submitted by the applicant to the Underwriting Manager within 60 days of the decision. If more than 60 days have passed since the decline, the applicant will be required to submit a new application and a telephone interview will be completed. All appeals require medical records pertaining to the condition for which the applicant was declined. It is the responsibility of the applicant to obtain his/her medical records, as ManhattanLife does not make such requests. Medical records must be submitted to the Underwriting Department directly from the physician's office and will not be accepted if submitted by the applicant or agent. Please note that ManhattanLife does not reimburse any fees associated with obtaining medical records or other supporting documentation pertaining to the requested appeal. The written request and medical records may be faxed to 1-713-583-2738 and directed to the attention of the Hospital Indemnity Select Underwriting Manager. The request and records may also be mailed to the physical address or post office box noted on page 23 of this Guide.

## Withdrawn Policies

Applicants who wish to withdraw an issued policy can return the insurance policy indicating they do not wish to keep the insurance policy or may be in the form of a signed letter or other signed written statement.

An applicant with a withdrawn insurance policy should be encouraged to return the insurance policy. To receive a full refund of premium, the request to not take the insurance policy must either be post- marked (if sent via mail) or received by the Company (if faxed) within the 30-day free look window. A full refund of the premium for withdrawn insurance policies will be processed 21-days after the date the check was deposited (to ensure the check has cleared the bank). If the applicant requests the refund prior to that, the applicant's financial institution will be contacted to verify the check has cleared. The refund check and a letter confirming the insurance policy was withdrawn will be mailed to the applicant. A copy of the letter will also be mailed to the writing agent.

***\*\*Any commissions paid to the writing agent(s) will be reversed.***
