

# Navigate to a client's address with ease using the MedicareCENTER Mobile App!

Just a few clicks get you to your appointments in the field.

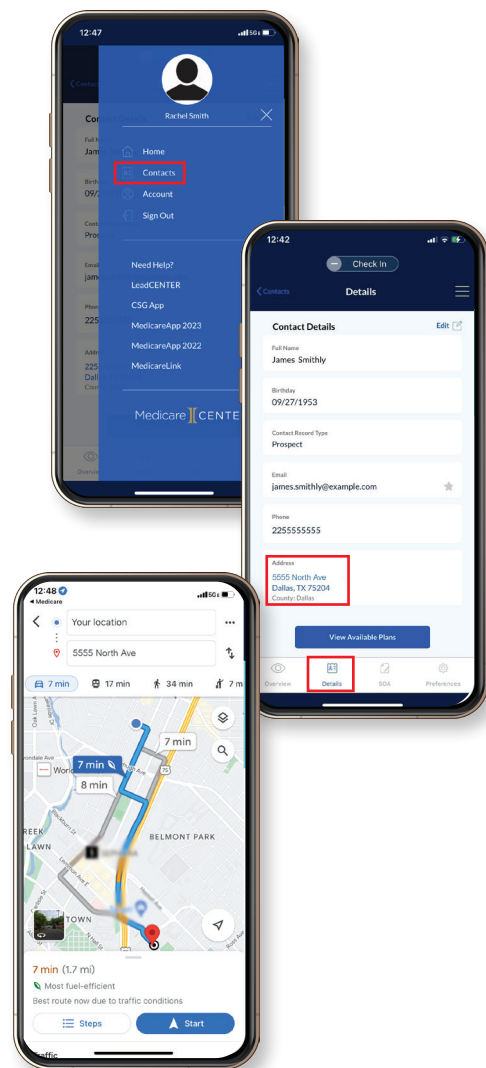

The MedicareCENTER Mobile App now connects directly with Google and Apple Maps, making it easy for you to get to your clients' homes for field appointments!

Here's how to use this helpful enhancement in the MedicareCENTER Mobile App:

- In the MedicareCENTER Mobile App, go into your Contacts list.
- Open a Contact's "Details" view, showing their address.
- Click the address, and your phone's mapping app will launch, allowing you to get directions on the spot!

Maps and Routing can help you get to your field appointments with ease — helping you serve your clients better, all throughout the year!

**Download or update the MedicareCENTER Mobile App today to use this exciting new feature and many more, built for on-the-go agents just like you.**

Medicare **||** CENTER

For agent use only. Not for distribution.
